§ 6.13

of health is the same as it was at time of original election. The effective date of the original election for this purpose will be the date it was delivered to the Department of Veterans Affairs. If such election was forwarded by mail, properly addressed to the Department of Veterans Affairs, the postmark date will be taken as the date of delivery. Such change will be made on the premise that the new election was made initially, and the account will be adjusted accordingly. A condition precedent to any such change will be the repayment of any amount received by the beneficiary in excess of that which would have been due had the new election been made initially.

DIVIDENDS

§ 6.11 How dividends are paid.

(a) Regular annual dividends becoming payable on or after December 31, 1958, shall be payable on the date preceding the anniversary of the policy unless the Secretary shall declare them payable on some other date.

(b) If the insured has a National Service Life Insurance policy or policies in force, dividends used to pay premiums in advance will be held to the credit of the insured, unless otherwise directed by the insured.

(c) In the event premiums on more than one policy having the same premium due date are unpaid and the dividend credit of the insured for application to payment of premiums is not sufficient to keep all policies in force, in the absence of instructions to the contrary by the insured, such dividend credit will be applied to pay premiums in such manner as will provide the maximum amount of insurance protection.

(d) Dividend credit of the insured held for payment of premiums as provided in section 1946 of title 38 U.S.C.,

may not be used to satisfy any indebtedness due the United States without the insured's consent. If the insured requests payment of such dividend credit, or any unused portion thereof, in cash, or requests that such credit be left to accumulate on deposit, then any indebtedness due the United States, such as described in § 6.7 will be recovered therefrom.

(e) Dividend credit of the insured held for payment of premiums or dividends left to accumulate on deposit may be applied to the payment of premiums in advance on any National Service Life Insurance policy upon written request of the insured made before default in payment of premium. Upon maturity of the policy, any unpaid dividend will be paid to the person(s) currently entitled to receive payments under the policy.

At any time after the first policy year and upon the execution of a loan agreement satisfactory to the Secretary the United States will lend to the insured on the sole security of his/her United States Government Life Insurance policy any amount which shall not exceed 94 percent of the cash value, and any indebtedness shall be deducted from the amount advanced on such loan. The loan shall bear interest at a rate not to exceed 5 percent per annum, payable annually, and the loan may be repaid in full or in amounts of \$5 or more. Failure to pay either the amount

CASH VALUE

§ 6.14 Cash value; other than special endowment at age 96 plan policy.

Provisions for cash value shall become effective at the completion of the first policy year on any plan of United States Government Life Insurance other than the special endowment at age 96 plan policy; all values, reserves, and net single premiums being based on the American Experience Table of Mortality, with interest at the rate of 3½ percent per annum. The cash value shall be the reserve together with any dividend accumulations. For each month after the first policy year the reserve at the end of the preceding policy year shall be increased by one-twelfth of the increase in reserve for the current policy year. Upon written request therefor and upon complete surrender of the insurance with all claims thereunder made by the insured the United States will pay to the insured the cash value of the policy less any indebtedness. Unless otherwise requested by the insured, a surrender will be deemed completed as of the end of the month in which the application for cash surrender is delivered to the Department of Veterans Affairs, or as of the date of the check for the cash value, whichever is later. If the application is forwarded by mail, properly addressed, the postmark date will be taken as the date of delivery.

§ 6.16 Payment of cash value in monthly installments.

Effective January 1, 1971, in lieu of payment of cash value in one sum, the insured may elect to receive payment in monthly installments under option 2 as set forth in the insurance contract or as a refund life income option. If the insured dies before the agreed number of monthly installments have been paid, the remaining unpaid monthly installments will be payable to the designated beneficiary in one sum, unless the insured or such beneficiary has elected to continue the installments under the option selected by the insured. If no designated beneficiary survives, the present value of any remaining unpaid installments shall be paid to the estate of the insured, provided such payment would not escheat.
